

WELCOME TO OUR PRACTICE!

In order to better serve you, please take a moment to review our office policies:

1. We require 24 hours notice to cancel or change your appointment. All broken appointments will be subject to a \$25.00 charge if this policy is violated.
2. At the time of your exam, Dr. Wang will do a general periodontal screening on all patients' ages 18 and over. This screening helps determine if periodontal disease is present and will determine if further evaluation is necessary. Upon completion of the screening, it may be determined that an extensive periodontal examination and/or treatment is needed. With most dental plans and insurances there will be a co-payment for periodontal treatment. Please note that co-payments will vary depending on your individual coverage and will be explained to you through a dental consultation prior to the exam being performed.
3. I understand that in the event that I request x-ray or dental record duplication, there will be a fee for this service payable prior to the release of my dental records. All accounts must be paid in full prior to release of records.

I have read and understand the aforementioned policies as indicated by my signature below: (Parent or legal guardian please sign for minors).
